## January Mission Update

This month saw our Kindness volunteers come together to plant new life into Souni, a village devastatingly affected during the fires in July.

This was our biggest mission ever with 246 participants! We are so proud of every volunteer who joined us to make a difference in Souni.

✨ Parent Testimonials ✨

“Thank you for the time we had, for the things you gave us. It was our first time with Kids for Kindness and we are looking forward for the next to come.”

“Today was such a lovely experience. It was a great opportunity for children to connect with nature and understand the importance of caring for the environment. My four year old had a great time!”

## January Challenge

This January we are challenging the children to care for the environment.

This could be watering plants in the house, recycling or remembering to save water by not letting the water run too long!

## Join us

In February we will be having a special Valentine's Day mission, spreading love by giving away gifts on the Molos.

Registrations are already open, with only 20 spaces remaining, so click on our bear to join us.

P.S. A special surprise is awaiting all children participating – can you guess what it is?
